

# How to Provide Clean Water: Daily Prayer Guide

## Water is life.

Think of all the ways you use water each day: drinking, cooking, cleaning, bathing, gardening, and more. In some areas of our world, clean water is not accessible. Communities are forced to walk several miles for water or settle for using dirty water.

We believe each human is made in the image of God. We honor that by providing dignity and basic necessities like clean water.

How can you help? You can pray.

We invite you to pray over the next 30 days for the communities and families that are thirsty for clean water and the Living Water.

*How to use this prayer guide:*

**COMMIT** to pray for those living without clean water for the next 30 days.
